CLERK: Mr. President we again have a motion to amend 123 by Senator DeCamp, but he is not present. So the next motion is LB571. Read motion. Read Kelly amendment.

PRESIDENT: Chair recognizes Senator Kelly.

SENATOR KELLY: Mr. President, I move that we return the bill for a specific amendment based on the words and meaning of section 2 of LB571 that provides for a state wide system and in our populated areas we already have these residences established. This amendment would further clarify the intent of 571 to have a state wide system of residencies as the bill so states.

PRESIDENT: Is that 571 Senator Kelly?

PRESIDENT WHELAN NOW PRESIDING.

SENATOR KELLY: Yes sir.

PRESIDENT: Chair recognizes Senator Mahoney.

SENATOR MAHONEY: Mr. President, I would speak against the Senator Kelly amendment. I fell that if you bring this amendment and the bill back you are further jeporadizing the bill as a whole. We had a meeting here Monday morning from 8:00-9:30 and we went through many of the same areas that were talking at that time. I know that Senator Kelly feels very strongly about this amendment but to explain to the Legislature the jepordy of the bill would definitely be in the Kennedy amendment if you bring it back for that amendment. I think that it will actually do harm to the bill and it will put us in a position of seeing that maybe for the next year and a half that the family practice program in which the medical school is trying to set up in this state is going to be damaged and I urge you to not bring the bill back but let 571 go on forward and pass on Final Reading.

PRESIDENT: Senator Mills.

SENATOR MILLS: Mr. President, a question of Senator Kelly please. Senator Kelly, I don't want to prolong the debate on this, I know that everyone is in a hurry but does your amendment, that one that you told me is under 60,000 population county wise?

SENATOR KELLY: That is correct Senator Mills.

PRESIDENT: Senator Mills.

SENATOR MILLS: Mr. President, members of the Legislature, in order to be brief, I would ask you to not vote for this amendment. I know how strongly Senator Kelly feels and I appreciate his opinion. However it certainly differs with several of our opinions here. I do believe that his motions should have been correct to indefinitely postpone LB571. I think that would have been a better motion.
